SUMMARY

Front-End Developer with 2 years of experience in React, Next.js, Vue.js, React Native, AWS, headless CMS, and data manipulation. Proven ability to craft stunning user interfaces, optimize performance, and create seamless interactions. Expertise in GraphQL, REST API, Redux Toolkit, Zustand, Tailwind, Bootstrap, MUI, AWS Amplify, Cognito, S3, Strapi, Contentful, Sanity, Higraph, and API integrations.

Passionate about creating impactful digital experiences that engage and inspire. Collaborative and results-oriented team player. Continuously expanding skill set and staying at the forefront of the ever-evolving web development landscape.

EXPERIENCE

Stellar Stack, Abbottabad — Frontend Developer

MAY 2023 - 2024 JAN

At Stellar Stack, I'm a Full Stack Front-End Developer specializing in creating dynamic web applications. I excel in modern technologies like ReactJS, NextJS, and Rest APIs. My expertise includes implementing tech headless CMS solutions, where I seamlessly integrate front-end and back-end technologies for optimal user experiences. I'm passionate about pushing the boundaries of web development and ensuring impactful solutions.

Code Band, Abbottabad — Junior Frontend Developer

OCT 2022 - MAR 2023

Contributed as a front-end developer with expertise in Next.js, React.js, Strapi.js, and Tailwind CSS. Passionate about user experience and delivering high-quality projects on time and on budget. Committed to staying up-to-date with the latest technologies and best practices in the industry.

CloudIBex, Abbottabad — FrontEnd Dev Internship

JUNE 2022 - SEP 2022

Front Dev Internship ReactJs, NextJs, Html, Css, TailwindCss, MySQL

SKILLS

Frontend:

HTML5, CSS3, Sass/Scss, JavaScript, TypeScript, ReactJS, Vue.js, Svelte, Next.js, Gatsby, React Native, Ionic, Capacitor, Redux, Zustand, Context, Headless CMS, AWS Amplify, Tailwind, Bootstrap, Material-UI, Ant Design, ReactStrap, NativeWind etc.

Backend:

GraphQL, Web Sockets, Firebase, Strapi, Contentful, HiGraph etc.

INFRASTRUCTURE & TOOLS:

Git, NPM, Yarn, Serverless, Firebase SDK, Amazon Web Services (AWS), Google Cloud Platform (GCP), Swagger, Postman etc

LANGUAGES

English, Urdu

EDUCATION

Virtual University Pakistan

April 2022- April 2026

Bachelor of Science – BS, Computer Science

Pre Engineering

MAR 2019 - MAR 2021

Completed Inter Degree in Pre Engineering

PROJECTS

Agile IT — Stellar Stack

Maintained a blog app developed in Astro.js, Markdown, Tailwind CSS, CSS, SCSS, with modular components and data integrations. Collaborated with a team to improve the app's performance and scalability.

Description:

- *Developed a blog app using Astro JS, combining the power of static site generation with dynamic capabilities.*
- *Utilized Markdown for content creation, enabling easy and flexible post management.*
- *Designed a responsive and visually appealing user interface with Tailwind CSS and SCSS for custom styling.*
- *Implemented modular components for a scalable and maintainable codebase.*
- *Integrated various data sources and APIs to provide rich and up-to-date content to users.*

Technologies Used:

Astro JS, Markdown, Tailwind CSS, SCSS, Modular Components, and Data

React Email Templates — Resend

Developed a project using React Email, Resend, TypeScript, and Tailwind CSS to create and send emails in a React application.

Benefits:

- *Demonstrated mastery of a variety of technologies and frameworks, including React Email, Resend, TypeScript, and Tailwind CSS*

- Created a reusable and extensible email sending solution that can be used in a variety of React applications
- Improved development efficiency and consistency
- Produced high-quality and visually appealing emails

Skills Demonstrated:

React Email, Resend, TypeScript, Tailwind CSS, JavaScript, HTML, CSS, Reusable component development, Extensible code design, Email sending

Dare To Donate — Blood Donation App

Independently developed a blood donation app in React Native, Redux Toolkit, and Firebase using React Native Expo.

Benefits:

- Demonstrated mastery of a variety of technologies and frameworks, including React Native, Redux Toolkit, Firebase, and React Native Expo
- Created a fully functional and scalable blood donation app that is easy to deploy and update
- Improved development skills and problem-solving abilities
- Gained experience working independently on a complex project

Skills Demonstrated:

React Native, Redux Toolkit, Firebase, React Native Expo,, JavaScript, React, HTML, CSS, Independent work, Problem-solving

GreenLeaf — Blog App

Independently developed a blog app in TypeScript, Strapi, Redux, and Tailwind CSS, integrating the Strapi API and managing the UI and backend with Strapi, Cloudinary, and Render.com.

Benefits:

- Demonstrated mastery of a variety of technologies and frameworks, including Strapi, Cloudinary, and Render.com
- Created a fully functional and scalable blog app with a robust backend and user-friendly UI
- Improved development skills and problem-solving abilities
- Gained experience working independently on a complex project

Skills Demonstrated:

TypeScript, Strapi, Redux, Tailwind CSS, JavaScript, HTML, CSS, Strapi API integration, Backend development, Cloudinary, Render.com, Independent work, Problem-solving

OZ Graphics — Stellar Stack

Developed and maintained graphics widgets for live football streaming project with team using React.js, CSS, Tailwind CSS, MUI, APIs, GraphQL, Apollo Client, Redux, and Firebase.

Benefits:

- *Increased engagement and user satisfaction*
- *Improved the real-time display of graphics and data*
- *Reduced development time and costs*
- *Enhanced scalability and maintainability*

Skills Demonstrated:

React.js, CSS, Tailwind CSS, MUI, APIs, GraphQL, Apollo Client, Redux, Redux Toolkit, Firebase, WebSockets, Real-time data updates, Teamwork and collaboration, Agile development methodology

Medusa Ecommerce — Stellar Stack

Developed an ecommerce store development project as part of a team, using Medusa.js, Next.js, TypeScript, Tailwind CSS, React.js, managed checkout APIs, integrations, and data manipulation.

Benefits:

- *Developed a scalable and extensible e-commerce platform*
- *Improved the user experience and shopping cart process*
- *Integrated with third-party APIs and services*
- *Manipulated data to generate reports and insights*
- *Collaborated with a team to deliver a high-quality product on time and within budget*

Skills Demonstrated:

Medusa.js, Next.js, Typescript, Tailwind CSS, React.js, Managed checkout APIs, Integrations, Data manipulation, Teamwork and collaboration, Agile development methodology

Vigorous — CodeBand

Developed a fully accessible React, Next.js, Tailwind CSS, and Redux Toolkit app with Strapi integration, featuring reusable components and Redux logic.

Benefits:

- *Increased scalability and maintainability*
- *Improved performance and user experience*
- *Reduced development time and costs*
- *Enhanced security and accessibility*

Skills Demonstrated:

React, Next.js, Tailwind CSS, Redux Toolkit, Strapi, JavaScript, HTML, CSS, Accessibility best practices, Teamwork and collaboration

Web Apps — CodeBand

Developed and maintained a variety of web apps in React, Next.js, Tailwind CSS, Strapi, Redux, and Contentful, working collaboratively with a team at Codeband.

Benefits:

- *Increased productivity and efficiency*
- *Improved code quality and consistency*
- *Reduced development costs and time to market*
- *Enhanced user experience and satisfaction*

Skills Demonstrated:

React, Next.js, Tailwind CSS, Strapi, Redux, Contentful, JavaScript, HTML, CSS, Teamwork and collaboration, Agile development methodology

Tailwind Components UI Library— CodeBand

Developed a Tailwind CSS component library for React and Next.js with Redux, providing a variety of reusable components similar to Tailwind UI.

Benefits:

- Increased development efficiency and consistency
- Improved code readability and maintainability
- Reduced the need to write custom CSS
- Enhanced accessibility and performance

Skills Demonstrated:

React, Next.js, Tailwind CSS, Redux, JavaScript, HTML, CSS

Arsol App — Arsol

ReactJs, NextJs, TailwindCss Web App in React, Next, TailwindCss
